Firefighting Helmet KFI

MODEL · PG-1

OVERVIEW

New fire-resistant helmet developed from firefighters' requirements — ARC rail side mount.

A protective device that safely protects the face and head at fire scenes. Developed from the requirements of firefighters, this new fire-resistant helmet maximises user convenience and stability during fire suppression.

1.34 kg	240 lm	KFI
helmet weight	dedicated lantern (optional)	certified

FUNCTIONS / FEATURES

04 FEATURES

01

External Adjustment Knob

Protruding dial-type knob adjusts helmet fit; one size fits 52–64 cm.

02

Dedicated Helmet Lantern (Optional)

Maximum brightness of 240 lm, usable for up to 15 hours.

03

Integrated Interior System

Tool-free attachment and detachment with chin strap and water deflector; washable and quick-drying.

04

Enhanced Padding & Balance

Added interior padding and balance-considered design reduce fatigue in long-term wear.
